Refoule Submits To Lie-Detector Test

U. S. Note on Red Grab Suppressed in Hungary

BUDAPEST, Hungary, June 13. (UP)—The United States' note charging Russian Gen. N. P. Sviridov with "a most flagrant interference in Hungarian affairs" was withheld from publication Friday by Soviet authorities and the Hungarian Government.

Newspaper circles said the note might be published simultaneously with Sviridov's reply.

Meantime, in Sofia, Bulgaria's Communist - dominated Government rejected a British note protesting the suppression of Sofia's two opposition newspapers.

Foreign Minister Kimon Georgiev, in a note handed to British Diplomatic Representative J. C. Sterndale Bennett, said the Government was not obstructing the reappearance of the papers. Printers just refused to work for them, he said, until they stopped "unscrupulously attacking everything dear to the workers' hearts."

Hungarian political informants predicted no immediate action would be taken against Dezso Sulyok, leader of the Liberty Party, for the bold speech he made in Parliament Thursday attacking the Government, the secret police, the Communists and the former regime of Ferenc Nagy.

Newspapers reported, however, the State Prosecutor was seeking a waiver of Sulyok's parliamentary immunity so he could be arrested at leisure for "anti-democratic" speeches when the Communist-run Interior Ministry so decided. It was predicted that Sulyok's speech Thursday would be held as a threat against him.

Cyula Szekfu, Minister to Moscow who returned Thursday, conferred Friday with Acting Foreign minister Erno Mihalyfi. It was predicted he would soon be made Foreign Minister.

Szekfu would take charge of a radically changed Hungarian diplomatic corps.

Paul Marik, Counselor of the Legation in Washington, is mentioned as likely Minister to the United States succeeding Aladar Szegedy-Maszak, who refused to recognize the new regime. Newspapers only Friday published the fact that Ministers to Paris, Brussels and Vienna were among those who resigned.

Privately, however, Bulgarian Government authorities intimated that the newspapers in question might soon reappear if they toned down their attacks on the regime of Premier Georgi Dimitrov, former head of the Communist International.

Information Minister Dimo Kazassov said also the 23 parliamentary deputies of the Petkov Agrarian National Union expelled from their seats had not been arrested.

Britain protested the suppression of Svoboden Narod, organ of the Social Democratic Party, and Narodno Zemedelsko, organ of the Agrarian Party of Nikola Petkov, now under arrest charged with anti-Government conspiracy.

Newspapers Friday published both the British note and the Bulgarian reply, which said in part:

"Svoboden Narod was suppressed for one month until May 29 for sabotaging the food collection campaign. . . . Its non-appearance (since then) was not due to obstacles erected by the Government. . . . Printers spontaneously decided not to work for Svoboden Narod and Narodno Zemedelsko until they discontinued unscrupulously attacking everything dear to the workers' hearts.

"In spite of the private character of the conflict the Government has advised the workers to be

GEORGIA'S FIRST—Beverly Davis, 8, left, and her sister, Shirley, 10, were on hand Friday to welcome—and sample—the first truckload of Georgia-grown watermelons to arrive at the State Farmers' Market here. "Pretty good," they smile. J. F. Steward, of Dallas, bought the 300 melons from Jessie Lakeley, who grew them south of Thomasville and trucked them here. The melons averaged 28 to 30 pounds and sold for $1 to $1.25 each. Georgia's watermelon season will reach its peak about July 4.

Truth Machine Probes 3 Others

By KEELER McCARTNEY

At the request of Fulton County police, Paul Refoule submitted to a scientific lie-detector test Friday night.

The French artist, whose socialite wife's body was found in Peachtree Creek near the Refoule home on Howell Mill Road May 14, was with police at an undisclosed place, answering a set of prepared questions.

A young woman artist-model, and a male and a female art student also submitted to the test.

Refoule was approached by police at Municipal Airport shortly after he had greeted his parents, Judge and Mrs. Robert Refoule, who had flown here from their home in Orleans, France, to be with their son during the remainder of the investigation of the slaying of Mrs. Refoule.

Asst. Fulton Police Chief E. G. Fitzgerald and Detective Capt. Fred Bradford were at the Airport when Refoule's parents arrived. They allowed him 10 or 15 minutes with his parents before approaching him and advising him the investigation of his wife's death had "progressed to a point where they would like to question him further."

Refoule readily agreed.

His parents then went by car to the residence of Mrs. William Ott Alston, mother of the slain woman, at 1880 Bellaire Dr., N. E., where they will be guests.

After consultation with Refoule's attorney, Hal Lindsay, the elder Refoule refused a statement to the press. Lindsay said they were too tired after the long air trip to be interviewed.

The lie-detector apparatus with which Refoule and the art model and students were tested was flown to Atlanta from Tampa, Fla. It is being lent to Fulton County police for use in the Refoule slaying investigation, and Fulton Police Chief G. Neal Ellis stated that others would be submitted to it during the course of the probe.

Ellis pointed out that Refoule was "definitely not under arrest." He said Refoule voluntarily submitted to the test after police had requested he do so.

Questions asked Refoule and the three others, none of whose names the police revealed, were prepared by Fulton police in collaboration with the specialist who brought the machine here.

The specialist is a Tampa law enforcement officer, skilled in the use of the machine.

He alone was present when the questions were put to Refoule and to the three others.

The youthful artist's feminine friends first submitted to the lie detector, and were questioned for about two hours. Officers reported the machine remained negative during these tests, indicating the women gave truthful answers to all questions.

After completing the questioning of the women, officers attached the instrument to Refoule, and began questioning him.

Michigan Probes New Car Selling Over List Price

DETROIT, June 13—(AP)—The State Attorney General's office disclosed Friday that it has begun a drive against used car lots dealing in new automobiles at prices far above original list figures.

An inquiry also will be made, Atty. Gen. Eugene F. Black said, to determine whether new car dealers have been involved in the sale of new cars on the used car lots.

Declaring that a group of state police had visited a number of used car dealers and negotiated purchases of cars said to be new, Black said complaints will be filed with the Secretary of State's office looking to the revocation of the used car dealers' licenses.

New Floods Raging in Mid-West Bring Predictions of Record Crests

ST. LOUIS, June 13—(AP)—Torrential rains brought new floods to Central Iowa and Northwest Missouri Friday along with predictions of new record crests in the already ravaged five-State Midwestern watersheds of the rampaging Missouri and Mississippi Rivers.

Downpours measuring from one and a half to more than five inches overspread the area where week-long floods have inundated more than a million acres of rich farm land, left at least 24,000 homeless and caused property damage which Army engineers placed in excess of $28,000,000.

The engineers reported precipitation in the last 24 hours in the area above Des Moines, Iowa, was heavier than that which produced the disastrous flood at Ottumwa, Iowa, last week and caused the Mississippi to overflow along a 100-mile stretch from Keokuk, Iowa, Southward through Hannibal, Mo., and Quincy, Ill.

A flood summary from the Corps of Engineers' district office at St. Louis said 5.92 inches of rain had fallen since Thursday at Van Meter, Iowa, producing an all-time record stage on the Raccoon River there.

"Rainfall on the Mississippi between Minneapolis and Keokuk also has been heavy," the summary stated, "with the greatest precipitation at Dubuque, Iowa, where 3.88 inches was recorded.

"This runoff will augment the flows coming out of the Des Moines River and produce a situation of quite some concern."

C. O. Tucker, Burlington, Iowa, weather observer, said the record Mississippi crest which produced havoc along its upper Missouri and Illinois banks last Tuesday would return early next week with equal force.

At Chillicothe, the Grand River was nine feet above flood stage after a rise of 12.5 feet in the last 24 hours following almost two inches of rain which was general throughout the area.

The Missouri was almost four feet above flood stage at Nebraska City, Neb., and bankful at St. Joseph, Mo., where a four-foot rise was forecast for tomorrow.

First crests on the swollen Mississippi and Missouri will begin passing St. Louis Saturday, but official flood observers said the overflow in the area would be minor.

Traffic over the Lewis and Clark bridges near the confluence of the two rivers, 20 miles north of here, was halted by backwaters which closed U. S. Highway 67 between the two bridges.

Parents Face Cruelty Charge

AUGUSTA, Ga., June 13—(UP) County police found a seven-year-old boy chained to a post at a tourist camp here Friday and charged his parents, who identified themselves as Mr. and Mrs. Frank Dollar, of Brooklyn, N. Y., with cruelty to the child.

The parents said they had chained the boy, George, to prevent him from picking up refuse and eating it. But police examination of the boy disclosed his back bore "welts and scars which indicated he had been subjected to inhuman treatment."

Control Board Advocated for America's Voice

WASHINGTON, June 13—(AP)—The House decided Friday to put the Administration's Foreign Information and Educational Exchange program under outside, bipartisan supervision—if and when Congress approves it.

The action came by voice vote on an amendment by Rep. Dirksen, Republican, Illinois, to the bill authorizing the program, including the "Voice of America" broadcasts.

The amendment would set up an 11-member "Advisory-Control" Board to watch over the proposed State Department Division. Not more than six members could be from one political party. The Board would be made up of "outstanding Americans" in the fields of journalism, radio, labor, business, education, motion pictures and veterans' affairs.

Jury Gives Ruling On 1946 Death

A Fulton County Coroner's Jury ruled Friday the mystery death of William Bohannon, 26, of Fairmount, whose body was discovered Dec. 1, 1946, in a vacant lot at Tifton and Fourth Streets, was due to a "skull fracture, inflicted by a person or persons unknown."

City Detective J. E. Helms told the jury no tangible clues had been found in the case. Bohannon was found lying near a clump of weeds, both shoes removed. He apparently had been dead for several hours.

Officers Hunt Overdue Liner

LEESBURG, Va., June 13—(AP)—Search for a missing Capital Air Line plane with 47 passengers and a crew of three aboard was centered in the Hillsboro, Va., area late Friday night.

The plane was hours overdue on a Friday the 13th flight from Chicago to Washington.

Virginia State Police reported that troopers had been sent to Hillsboro to conduct a close search after a mail carrier there reported he had seen flashes in the sky after hearing the sound of a plane's motors.

The plane was last heard from near Martinsburg, W. Va., at 6:13 p. m. EST.

First reports, that the plane might be down in the Loudoun County area of Virginia, were discounted by the airline in Washington. Ray Bell, airline press official, said he had checked with police and declared there was no substantiation of such reports.

A baby was among those on the plane, which left Chicago at 1:45 p. m., Friday. It was due in Washington at 6:35 p. m.

Meanwhile Martinsburg, W. Va., city police said they had searching parties checking the Northern part of Loudoun County, Va., and the mountains south of Charles Town, W. Va., on the strength of a filling station attendant's report that he had seen a plane circling in the area and that it was "definitely in trouble." The station attendant also had reported that an air beacon in the vicinity of Charles Town was out at the time.

A possible clue to the fate of the plane came from Mrs. S. P. Alexander, wife of the Sheriff of Loudoun County, W. Va., who said her husband was called to investigate a reported plane crash in Northern Loudoun County.

The plane, which left Chicago at 1:45 p. m. was due in Washington at 6:35 p. m.

'Refrigerated' Boy, 13, Relates Ice Box Ordeal

(Robert Tome, 13, was playing near his Milwaukee home when he found an abandoned icebox—28 inches in depth, 20 inches wide and 17 inches high. He climbed in to explore it. The door slammed shut and he was imprisoned for 22 hours. He kept alive by breathing through a drain pipe and finally was found by his father. He describes his experiences in the following dispatch.)

By ROBERT TOME
As Told to United Press.

MILWAUKEE, Wis., June 13—I just wanted to see what it looked like inside. Before I could, the door slammed shut.

I yelled and pounded on the door. I needed air right away. I figured I'd hold my breath for a while. That didn't do much good. So I yanked out the top of the overflow pipe and breathed through the drain pipe.

I could hear factory whistles and trains going by but nobody could hear my yelling. I tried to push the door open with my back but I couldn't do it. Then I just lay down and saved my strength.

I guess I fell asleep for a while and when I woke up I could hear somebody pass by outside. I yelled and pounded. It didn't do no good.

I had on a jacket, sweater, shirt and undershirt and it was hot. I wanted to get the jacket and sweater off but there wasn't enough room. I was pretty much doubled up on my side. I ripped the left sleeve off the jacket and that made it a little better.

I had a giant salute firecracker and some matches in my pocket.

I decided I'd try to blow a hole in the icebox if I didn't get out after a while. I put the cracker down but I forgot about it. It got all damp and got ruined.

After a while I started praying. I was chewing gum, but I took it out of my mouth while I was praying and lost it. I didn't have any food but I didn't get very hungry.

I though about my family and the two exams I was supposed to take in school today. Then I yelled some more.

I didn't get mad at people for not hearing me, but I sure wished somebody did.

Finally my dad found me last night, just when I was giving up hope.

When he opened the door I jumped up and began kissing him. I couldn't stand very well because my knees were stiff and swollen. I didn't even say hello to him.

Vandenberg Makes Two-Party Plea For U. S. 'To Put World On Its Feet'

WASHINGTON, June 13—(AP)—Sen. Vandenberg, Republican, Michigan, Friday night called for the creation of a top-level council of Republicans and Democrats to tackle the vast problem of how far the United States can go in putting a war-stricken world on its feet.

The issue must be met with "vision and courage," said the chairman of the Senate Foreign Relations Committee, but the first step should be a "sound, over-all inventory of our own resources" because:

"If America ever sags, the world's hopes sag with her."

Vandenberg's statement came at a time when Secretary of State Marshall was calling for Europe to draft a continent-wide economic plan. Some of his aide have suggested that Europe may need as much as $24,000,000,000 for rehabilitation in the next four years.

Vandenberg said he welcomes open discussion of proposals to extend American aid "to prevent social and economic collapse in many parts of the world." This country "cannot prosper in a broken world," he declared.

"But such discussions should not be misunderstood at home or abroad," he added.

"At home they should not invite anxieties that we shall rush into imprudent or inadequately seasoned plans. Abroad, they should not be taken as evidence that our foreign friends can depend upon us as a substitute for depending on themselves."

He called for a "total balance sheet," including information on the following points:

"1. Over-all latitude within which America may safely and wisely plan these foreign co-operations.

"2. The basis upon which they should be undertaken, including reciprocal considerations."

"3. The over-all necessities, in Asia as well as Europe, which are calculated to be involved."

Saying that "we need a total balance sheet," Vandenberg proposed that "distinguished American citizens" be named to a "special bi-partisan advisory council at the highest attainable level as a center of co-ordination and as a further source of advice to both the executive and Congress." He did not specify who would name the group.

He said its study could supplement the information obtained by the planning division of the State Department, as well as that gathered by other agencies.

The proposal of Vandenberg, chief Capitol Hill exponent of the bi-partisan foreign policy, comes at a time when Secretary of State Marshall has indicated favor of a plan for European self-help.

Marshall has ordered a study of Europe's needs, with the clear indication that out of this eventually will come a recommendation for American aid in carrying out an over-all European ecomimic recovery program.

Vandenberg's proposal indicated that he, as titular leader of the GOP congressional group on foreign policy matters, is willing to go along with an aid program geared to American ability to pay.

Declaring that such an over-all program "involves the intelligent self-interest of the United States which cannot prosper in a broken world," Vandenberg declared:

"I indorse the importance of facing the problem on an over-all basis instead of dealing with unanticipated crises, one by one. I recognize that intelligent American self-interest demands that we meet the situation with vision and courage.

"But equally I recognize that intelligent American self-interest immediately requires a sound, over-all inventory of our own resources to determine the latitudes within which we may consider these foreign needs. This comes first because if America ever sags, the world's hopes sag with her."

In the final analysis, Vandenberg said, "These programs — though measured in dollars—involve, at base, a burden upon American-production out of American resources."

Young Democrats Favor Thompson

National Democratic headquarters gave further recognition to Acting Gov. Thompson's State Democratic faction Friday when it announced in Washington the appointment of State Sen. Robert Knox, of Thomson, an administration supporter, as temporary chairman of Young Democratic Clubs in Georgia.

However, a spokesman for the Herman Talmadge Democratic faction said his group would not return its charter until "we get back the $880 we sent to Washington when we got the charter."

The Talmadge spokesman, W. O. Brooks, of McRae, managing editor of the Statesman and executive director of Talmadge's Young Democrats, said "We will continue doing business as usual."

CIO Seamen Walkout Looms Sunday--Murray

WASHINGTON, June 13—(AP)—CIO President Philip Murray said Friday night that "in all likelihood" there would be a walkout of CIO unions in the maritime industry when contracts expired Sunday night.

Murray told a news conference that in the event employers and the Unions fail to come to agreement by then, the Unions would have "the support of the CIO."

Murray said ship owners had shown "unwillingness" to bargain on a new contract while the Taft-Hartley labor bill was under consideration by President Truman.

Despite the gloomy picture by Murray, Secretary of Labor Schwellenbach appealed to the ship owners on the Atlantic and Gulf Coasts and to three CIO Unions to continue under present contracts while the Labor Department tried its hand at conciliating.

He said a work stoppage "at this time would seriously damage the American Merchant Marine and would seriously embarrass our Government in the carrying out of its foreign commitments."

Bulwinkle Vote Set

WASHINGTON, June 13—(AP)—The Senate rounded out five days of talk on the Bulwinkle Bill Friday but agreed to vote by 4 p. m. Wednesday.

Russian Dismantling Continues, Paper Says

BERLIN, June 13—(AP)—The official newspaper of Berlin's Social Democratic Party charged Friday that the Russians were continuing to dismantle factories in their occupation zone of Germany for reparations despite assurances given in January by Marshal Sokolovsky, the Soviet Military Governor, that such removals would cease.

Showers Forecast For Atlanta Area

Atlantans can expect showers this morning, says the weatherman, with skies clearing this afternoon, and fair weather tonight and Sunday.

The forecast includes moderate temperatures, with a high and low of 85 and 67 degrees, compared with Friday's readings of 78 and 66 degrees.

St. Louis Is Paralyzed By Bus, Trolley Strike

ST. LOUIS, June 13—(INS)—Officials of St. Louis met with Company and Union representatives Friday in an effort to end quickly a paralyzing streetcar and bus strike.

The tieup came early Friday morning in a dispute over the validity of an arbitration wage award.

Three thousand five hundred transit workers refused to report for work.

As a result 653 streetcars and 1,013 buses, which daily carry a passenger load of 1,500,000 persons, were made idle. Half a million riders who use the system during the morning rush period were forced to walk or thumb rides to work.

Mayor Aloys Kaufmann and his cabinet immediately began efforts to settle the strike.

They summoned John L. Wilson, President of the Public Service Company, and Arthur E. East, District Head of the Association of Street, Electric Railway and Motor Coach Employees, to a meeting.

The Federal Government also was reported interested in early settlement of the dispute. From Kansas City came word that U. S. Conciliation Service Regional Director William White had assigned a man to the case.

The arbitrators had awarded the workers a 17 1/2 cent an hour wage boost, retroactive to Jan. 1. The men presently earn $1.05 an hour. Their first demand was for $1.40 an hour but later was reduced to $1.35.

Union officials contended the award was "illegal" because the Board actually ceased to exist last Friday when both Company and Union representatives walked out. The 17 1/2 cent award was announced four days later, after the Company had sent a new member to the Board.

East told newsmen the streetcar and bus operators "will go back to work if the Company agrees to submit the dispute to a new arbitration panel."

Only taxicabs and service cars (eight-passenger limousines carrying riders on regular schedule at a higher fare than buses) were operating. Mayor Kaufmann appealed to persons with cars to give the less fortunate workers a ride.

For Hemisphere Defense

President Truman's plan for assisting nations of the Western Hemisphere to arm themselves could be construed as nothing more than realistic, twentieth century method of implementing the Monroe Doctrine of 1823.

When President James Monroe proclaimed his now-famous hemispheric policy, reference to which has been considerably overworked of late, he did so at the behest of the British Government and with knowledge that the powerful British fleet would support it.

In those days, and up until the past few years, a surface fleet such as possessed by the British and American Navies was fully capable of intercepting and warding off any attack upon North or South American shores.

But today the story is different. Not only has the British fleet been reduced in size and its Government weakened by financial strain, but the United States, now boasting the most powerful navy in the world, would find itself equally impotent to deal with a modern airborne invasion of one of our sister republics.

If an attack should come it would be necessary for all nations of both North and South America to join forces against the invader. Under the present policy of loose, unwieldy co-operation it would require many months to co-ordinate tactics and methods of the various defending countries to achieve effective results.

Elimination of these differences in methods and armaments is one of the prime objectives of the President's plan. Once this has been accomplished, a workable plan for hemispheric defense not only would be a possibility, but doubtless would be an inevitable result.

The Monroe Doctrine probably is the only segment of foreign policy to which the United States has adhered consistently over a period of years, and even it has been severely battered from time to time. But instead of losing its value with passage of years, that policy has increased in importance. And it is only sensible that methods of enforcing it be brought in tune with the times.

The Treasury's Bond-a-Month Plan

June sales of Government bonds in Georgia are reported considerably better than previously expected.

This is attributable in large measure to the Bond-a-Month program currently being pushed by banks and civic organizations in the State.

Thousands of Georgians are signing up with their local banks, authorizing that a stipulated monthly amount be deducted toward the purchase of saving bonds. This program is a splendid complement to the pay roll savings plan in use throughout industry, reaching many whose living is not received through regular weekly pay checks.

With the national debt at an all-time high, it is imperative that our economy be stabilized by having Government obligations spread among as great a percentage of the population as possible. The Bond-a-Month plan, reaching thousands who otherwise might not participate, is a good means toward this end.

The Need for Blood Donors Continues

The war is not over for hundreds of patients at Lawson General Hospital.

Neither is their need for blood.

It is a severe indictment of this community that, while it met every call for donors while the actual war was in progress, it has failed to respond to the continuing needs of those who won the victory for us.

The patriotic impetus of the conflict is ended. But the obligations of it will continue for a long time to come.

Won't you remember?

The Law's Arm Passes the Artichokes

It took two detectives a lot of time to do it but the Savannah Police Department has upheld the good name of Georgia.

It was rather an unusual case for the policemen, but Chief James W. Rogers apparently is used to that. As reported by Joe Landsell in the Morning News, when the Chief got a request from one of the Smith Brothers, of beard and cough-drop fame, for a supply of preserved artichokes similar to those he had purchased in Savannah sometime ago, two of the Department's top detectives were assigned to round up a supply for shipment to Mr. Smith in New York.

Without a great deal of trouble, the sleuths ascertained from inquiries about Savannah's venerable City Market that a gentleman by the name of Hinely preserved his own artichokes. But, as Mr. Landsell said, here their luck ran out. "Alas, Mr. Hinely had sold all his supply of artichokes. The next artichoke crop will not be ready for harvesting until next Fall."

But the enterprising Mr. Hinely saved the good name of Savannah and Georgia. On the chance that some of his customers had not used all their supply, he called on them and, sure enough, found several quarts of preserved artichokes.

Savannah police promptly dispatched these to bearded Mr. Smith and the obliging reputation of Georgia remains intact.

THE PULSE OF THE PUBLIC

The Constitution welcomes letters on either side of any subject. They should not exceed 200 words and must be signed, although names will be withheld on request. We regret none can be returned.

Our Cities

Editor Constitution: As our cities "come of age" they furnish what it takes to go all the gaits and bring in the money. Our youth are trained in the way they SHOULD NOT go.

They begin with beer and fine wines and with whiskey by the drink to vets—clubs, then saloons.

Our country people load up and go to town, tank up, then when lit up come back on our highways to kill and maim the innocent.

Our Problem No. 1 as I see it is adult delinquency. We should get out of our nonchalant way and protect the rising generation.

Grease Jockeys

Editor Constitution: "De Barbe D' Queue": Brother, you can say that again or do as I would like to do, ring it out all over the State with a large set of powerful bells or shout it so all could hear through the most far reaching loud speakers ever made.

The manner in which some of these would-be cooks are able to murder an otherwise good piece of meat seems to me to be enough reason for them to be sentenced to the chain gang on the basis of one month per spoiled pound.

And coffee. . . . If the coffee growers of Brazil could only taste some of the concoctions brewed under the misnomer of "The Best Coffee in Town." I am sure they would stop exporting. Or maybe the cows in Georgia do not give cream. Anyhow, I have tasted better engine oil.

Where is all this Southern cooking? Must we visit some old colonial mansion, where the big, fat, colored mammy is doing the WORK, or why can't some of these grease jockeys take a mail order course in cooking?

Baling Wire Needed

Editor Constitution: As a public service, we wonder if you and your paper could not induce steel manufacturers to ship baling wire into this area.

The farmers in this area have begun to diversify crops and to raise more hay crops than ever before. There has not been any hay baling wire in this area this year. The writer has tried jobbers in Athens, Atlanta, Rome, Macon, Ga., and Chattanooga, Tenn., but they do not have any.

The steel manufacturers are putting out as much steel as ever. They admit this. But in order to get out the most material, they have concentrated on high price articles, consequently, the farmers have been left high and dry on hay baling wire. This is a cheap product.

The Atlanta Constitution should be proud to have him as editor.

Business as Usual

Editor Constitution: Business with Japan as usual, eh? According to reports, certain captains of industry are on the march to restore trade with Japan, so again the products of Nippon will be placed on the market in juxtaposition with good old American-made products.

Yes, they will soon be at it again, doing business with that truculent enemy of ours, when a few short months ago the precious youth of America were slaughtering the soldiers of the "Rising Sun" by the thousands on the distant islands of the Pacific in order to maintain our way of living and our cherished democracy.

It is said that this recent trade agreement is for the sole purpose of restoring economy, but to millions of Americans this is a fallacious and an unadulterated excuse, and those who are negotiating this new trade agreement seem to have forgotten our war cry, "Remember Pearl Harbor!"

I ask in all seriousness, why "Remember Pearl Harbor" at all, and if the heroes of yesterday could rise from their hallowed graves I wonder what they would think.

Cooper Traded To Giants

NEW YORK, June 13—(AP)—The New York Giants Friday sent Pitcher Bill Voiselle and cash to the Boston Braves for Pitcher Mort Cooper, one-time star hurler of the St. Louis Cards, who rejoins his brother Catcher Walker Cooper with the Giants.

Cooper will join the Giants, currently leading the tight National League race, in Cincinnati Saturday, while Voiselle will pick up his new mates at Pittsburgh.

The sum which the Giants sent to Boston to reunite the Cooper brothers, a battery combination that helped bring the Cardinals National League pennants in 1942, 1943 and 1944, was not divulged.

Mort Cooper, now in his tenth major league season, has won 127 games and lost 70. His record this year is two triumphs and five defeats.

Voiselle spent parts of the 1942 and 1943 seasons with New York and the remainder of those two years with various minor league clubs. In 1944, however, he was the sensation of the National League, winning 20 games and losing 16. His 1947 record is one victory and four defeats, having spent most of the campaign in Manager Mel Ott's doghouse.

Mort Cooper, voted the National League's most valuable player in 1942, underwent an arm operation after the 1945 season and in 1946 won only 13 games for the Braves while losing 11. He came to the Boston club in May of 1945 in exchange for Pitcher Charles Barrett and cash.

This Spring Cooper reported his pitching arm back in No 1 condition but he failed to get away to a winning start.

Lew Worsham Gets 140 As Locke Hits Slump

By GAYLE TALBOT

ST. LOUIS, June 13—(AP)—Dick Metz, of Chicago, and Melvin (Chick) Harbert, of Detroit, stood a stroke in front of the field Friday night at the halfway point in the National Open Golf Championship, and the rush of the homebred stars to have themselves fitted for plus-fours appeared to have been stemmed.

Bobby Locke, the short-pants menace from South Africa, at last proved himself fallible on the greens as he shot over-par golf for the first time in 30 consecutive rounds in this country and fell three strokes behind the pace-setters. It still was a wide-open championship, with almost anything likely to happen in Saturday's final 36 holes.

Metz and Harbert were deadlocked with record-equaling totals of 139 after two rounds of the par 71 St. Louis Country Club course. Only one blow behind was Lew Worsham, of Oakmont, Pa., at 140.

METZ ADDS A 70

Metz added a 70 Friday to his 69 of Thursday to grab the co-leadership with Harbert.

Harbert, with every chance to take a commanding lead, blew up on the last four holes Friday to score a 72 and wind up square with Metz. He was one of three players who shot brilliant 67's Thursday. The other two, Henry Ransom, Chicago, and Harry Todd, Dallas, faded somewhat.

Metz and Harbert, neither of whom was much reckoned with in pre-tournament calculations, matched with their two fine rounds the best ever previously shot in the Open. Back in 1916 Chick Evans totalled 139 at the end of two rounds, and in 1939 Sammy Snead boasted the same low total after 36 holes at Philadelphia.

WORSHAM LOOKS GOOD

Worsham, like Metz and Harbert scarcely a member of the game's upper crust, came in late with a 70-70—140 to jam himself right into the contention. Lew's round was particularly good, as he scored it in the afternoon, after the wind had risen and had, figuratively, added two or three strokes to the course's par.

Locke found himself bracketed at 142 with Harry Todd, the Dallas professional; Sammy Snead and Johnny Palmer, Badin, N. C.

Where Bobby shot a fine 68 Thursday, he soared to 74 Friday, and he complained afterward that the greens were the worst he had seen in this country. The South African, an impeccable player from tee to green, required 36 putts, and missed three from within four feet. He simply had no luck.

TAKES 23 PUTTS

Compared to Locke's doleful exhibition on the carpets, Jimmy Demaret took only 23 puts in posting a second-round 69. This might have established a record for the Open.

Jimmy's 69 was the only score under 70, whereas Thursday there were 67's and the like all over the place. Even with the two 139's on the board, there was nothing like a certainty that Ralph Guldahl's decade-old record total of 281 would be beaten.

As the wind rose, the club's short but tightly-trapped layout looked tougher by the minute. It at least was proving far from the shooting gallery that its sparse yardage had indicated it might be.

BIGGEST DISAPPOINTMENT

The day's biggest disappointment possibly was Ben Hogan. As on the first day, the mighty mite from Texas commanded the second largest gallery, next to that of Locke. His putter went completely sour as he took 75 strokes and wound up at 145, along with six others.

This group was two shots behind Ed Oliver, Wilmington, Del., and Alfred L. Smith, Danville, Va., at 143. Oliver had rounds of 73-70, Smith 70-73.

Seven players were tied at 146, and there were eight at 147. Barring something close to a miracle, all of these players appeared to be well out of it.

A total of 75 players qualified for Saturday's final 36 holes.

The low scorers at the end of 36 holes of play:

Dick Metz, Arkansas City, Kans., 69-70—139.

M. R. (Chick) Harbert, Northville, Mich., 67-72—139.

On Trust Favored In Coast Race

INGLEWOOD, Cal., June 13—(AP)—California-bred On Trust figures to be the popular favorite, if not the betting choice, Saturday when a field of 14 three-year-olds goes postward in the $25,000 Will Rogers Handicap at seven furlongs at Hollywood Park.

Packing top weight of 126 pounds the colt, owned by E. O. Stice & Sons of nearby Eagle Rock, faces healthy opposition at this sprint distance from a pair of fleet fillies, U Time and Hubble Bubble, coupled as the entry of R. C. Ellsworth, and speedy Yankee Valor.

Another entry named today was Harry M. Warner's $200,000 buy, Stepfather, and Capt. Flagg, while the Irish-bred Sullivan, nicely weighted at 115 and Jockey Frank Chojnacki assigned to ride, has good possibilities.

Others entered were Hemet Squaw, Handlebars, Tropical Sea, General Rule, Discombobulate, Over Fast and Sparky Cannon.

Fourteen two-year-old fillies were slated to go in the supporting feature, the $25,000 Lassie Stakes, at five and one-half furlongs.

Named were Zenoda, Madrita, Wedding Plans, Flying Rhythm, Lady Zev, M'Dearsy, Shinvani, Candy Kane, Star Beauty, Atom Ray, Borrego Miss, Best Call, Nursery School and Song Fest.

Western Open Field Reaches 104; Mixed Foursomes To Play Today

By BERT PRATHER

The field for the 1947 Women's Western Open golf tournament climbed to 104 entries Friday afternoon, and meet officials predicted that it would be even larger with several late entries still to be heard from.

Most of the top flighters, scheduled to tee off in the qulifying round Monday at the Capital City Country Club course, were on hand, but a steady rain Friday hampered their scheduled practice rounds. Several of the girls managed to get in a few practice blows between showers in the morning and early afternoon, but for the most part they were unable to complete 18 holes.

The first special event staged in connection with the tournament will be held today when 120 golfers tee off in the popular mixed foursome play. The first quartet is slated to shove off at 8:30 o'clock this morning.

Practically all of the leading pros and amateurs here for the tourney and the Women's Western Open officials, who arrived Wednesday and Thursday, were impressed with the beauty of the Brookhaven course. The players also were in accord about the toughness of the layout. Par has been set at 76 for the meet and since most of the players have been very secretive about their practice round scores, it is to be assumed that they have not been kicking par around to any great extent.

Several of the experts say that this meet will equal or exceed the National Amateur in quality. This is not hard to believe either when one considers that such tried-and-true stars as Patty Berg, Helen Dettweiler, Kathryn Hemphill, Hope Seignious, Betty Jameson, Dot Kielty, Kay Pearson, Mary Agnes Wall, Beverly Hanson, Alice O'Neil, Mrs. Sam Israel, Grace Lenzyck, Jean Hopkins, Mary Lena Faulk, Peggy Kirk and Dorothy Kirby will be in there battling for the crown now held by Louise Suggs.

Miss Suggs, who also captured the Western Women's Amateur last year, served notice on the open field that she was in top form when she captured the recent Southern Women's Amateur at East Lake Country Club.

Babe Shoots Measly 80, Her Poorest in Britain

ST. ANDREWS, Scotland, June 13—(AP)—Babe Didrikson Zaharias, still flushed with the success that won her the British Women's Amateur Golf Championship, ran smack into Friday the 13th jinx and played the poorest game of golf of her visit to Britain.

The American and British champion obviously was tired and it took her 80—seven over men's par—to finish the first round she ever played over the famous old course where Open championships have been played since the last century.

A holiday crowd of 500 or so followed her on the round in which she played with W. W. Sharpe against Rear Admr. Frank Barry and Cmdr. E. E. Thomson, two Royal and Ancient Golf Club members.

Par wasn't all that bothered the Babe. She had caddy trouble too. Eddy Blackman, who carried her clubs when she won the British championship at Gullane, faithfully had trailed along to St. Andrews, but one of the Babe's friends had also hired Peter Reid, a local boy, to caddy for her. He refused to give up the clubs and Blackman followed as a spectator.

Despite her troubles, Mrs. Zaharias was in a gay mood and she gave the spectators a show.

Barons Rip Crackers, 12-5; Diehl, Kellner Hurl Tonight

By F. M. WILLIAMS

BIRMINGHAM, June 13—The Birmingham Barons evened their series at two games each with Atlanta Friday night pummeling Stan West and George Koval for 14 hits to trounce the Crackers, 12-5, in a free scoring contest here.

George Diehl is slated to hurl for Atlanta and Alex Kellner for Birmingham in the rubber game Saturday night at 8:15 p. m. Atlanta time.

A crowd of 4,181 saw Friday night's game, putting Birmingham 2,000 above its total attendance for all of last season. Six extra base blows, including two home runs by Collins and one by Eaton rattled off Barron bats.

Trippi singled to open the game and moved to second on a wild pitch. Steiner walked. After Cieslak had popped to short, Glock singled to right and Trippi romped home. Ellis walked to load the bases. Rullo made a great back-handed stop of Buccola's grounder to force Ellis with Steiner scoring on the play.

The Barons chased West in the first inning with a four-run rally. Scheldt singled but Wein flied to center. Collins singled to right and Reid walked to load the bases. Rutner tripled to the left center field wall, scoring three men. Koval replaced West and was greeted with a fluke single by Eaton which scored Rutner.

Brunner opened the second with a single but was forced at second by Wein after Scheldt had flied to left. Collins hit a change of pace pitch into the right field bleachers for a home run, scoring Wein ahead of him.

With two away in the third, Glock walked and scored on Ellis' double to deep center. Buccola's single sent Ellis home to make the score 6 to 4.

Glock's single and a double against the right field wall by Buccola got the Crackers' run in the fifth.

After Aleno had thrown out Rutner in the Baron half, Glock booted Eaton's roller. Kahn tripled to left center, scoring Eaton. Kahn came home when Rullo flied to left.

Scheldt beat out an infield hit to open the sixth and scored when Collins lined his second home run into the right field stands, putting the Barons out front, 10 to 5.

Eaton hit a home run into the right field stands to open the seventh and it put the Barons ahead, 11 to 5.

Wein's double to short left, a fielder's choice and Rutner's fly to left got another run for Birmingham in the eighth.

Johnny Mize Favored by St. Louis Fans

CHICAGO, June 13—(AP)—The world's champion St. Louis Cardinals, who have confined their flying to the depths of the National League cellar this Spring, are finding out that things are tough all over. The All-Star baseball poll reveals the 1946 champions are no longer the fans' favorites, even in their own back yard.

The latest chapter in the plight of the 1947 Cardinals is shown in the returns filed Friday by the St. Louis Globe-Democrat, one of 193 cooperators in the balloting to pick the All-Star starting line-up for the 14th annual game at Chicago's Wrigley Field July 8.

Stan Musial, Cardinal first baseman, and the National League batting champion and most valuable player last year, received only 43 votes in the Globe-Democrat's first returns. St. Louis now has a new first base hero with a fat batting average. He's a former Cardinal, Johnny Mize, of the New York Giants, who collected 455 votes in St. Louis and leads his rivals in the standings with 23,726 from the 62,255 ballots tabulated to date.

Another one-time Cardinal favorite, Second Baseman Red Schoendienst, trailed Emil Verban, a former Cardinal now with the Phillies, in the St. Louis vote, 208 to 145. Center Fielder Terry Moore, who appeared in all the World's Series games against Boston last Fall, was behind another Phillies' star and also a former Cardinal—Harry Walker—231 to 90.

Tide, Tigers Reach Finals

CHARLOTTE, N. C., June 13—(AP)—The University of Alabama won its way into the finals of the Southeastern NCAA baseball playoffs Friday night with a 4-to-1 decision over the University of Virginia.

The loss eliminated Virginia which lost its first game to Alabama Thursday. Alabama will meet Clemson in the finals Saturday night. The Tigers whipped the Crimson Tide in a 1-to-0 thriller Friday afternoon.

Clarence Fleck, who pitched only one-third of an inning against Clemson but who gave up the winning run, came back to hurl Alabama into the final round. He gave up only two hits in the 6 2-3 innings he worked.

Virginia defeated Auburn, 3 to 0, in an elimination contest Friday.

Sir Malcolm Delays Run

LAKE CONISTON, England, June 13—(AP)—Sir Malcolm Campbell postponed plans Friday to try to set a new speedboat record with his streamlined Bluebird II after his powerful jet-engined craft threatened to skid dangerously out of control on its tests.

The veteran speed king called off the tests for at least several weeks when the Bluebird skittered crazily across Lake Coniston, repeating a control failure that disappointed him Thursday on the boat's first trial spin.

Shadow Is Winner Of Mat Feature

The Shadow bested "Wee Willie" Davis in the main event of Friday night's mat card at the City Auditorium. Johnny Long and Al Galento battled to a draw in the first event, while Rolland Kirchmeyer was victorious over Nick Carter.

In the tag team match, Ray Villmer and Don McIntyre won over Babe Zaharias and Tom Maloney with one fall. The time limit expired before another fall was completed.

Visitors Are Out For Man O'War

LEXINGTON, Ky., June 13—(AP)—Man O'War's big moments with his public will end at least temporarily after Saturday when the gates of Faraway Farm will be closed to the Summer Tourist traffic.

The last week of open house at the 30-year-old "Big Red's" farm has been marked by an almost overwhelming flow of visitors.

The move was ordered by Owner Samuel D. Riddle and Man O'War's caretakers as a means of prolonging the last years of the famous thoroughbred's life. His age has been compared to 105 years in a human's life.

Braves Throttle Bucs; Cubs Down Phils, 4-3

By THE ASSOCIATED PRESS

The Boston Braves' good-humor man, Charles (Red) Barrett, took his pitching chores seriously again Friday and throttled the hapless Pittsburgh Pirates, 6-2, before 6,341 Pittsburgh fans.

Barrett, who pitched a one-hitter against the Chicago Cubs his last time out, limited the Pirates to six blows and joined lustily in the Braves' 14-hit attack on Truett (Rip) Sewell and Art Herring by punching out two doubles and scoring twice.

Bobby Sisti homered for Boston in the fourth. Hank Greenberg's ninth homer with none on in the sixth gave Pittsburgh a temporary 2-2 tie.

The Chicago Cubs whipped the Philadelphia Phillies, 4 to 3, in Chicago for their eighth consecutive victory over them this season, seven of which have been by one-run margins. Hank Borowy scattered eight hits, one a pinch homer by Buster Adams, for his seventh victory in a duel with Charley Schanz.

Sugar Ray Reopens Training Grind

CLEVELAND, June 13—(AP)—Welterweight Champion Ray (Sugar) Robinson arrived here Friday to continue training for his title defense against Jimmy Doyle June 24.

KKK Not Dead Says Dr. Green

After The Knights of the Ku Klux Klan, Inc., had voluntarily surrendered its charter following the State of Georgia's suit against the organization, Dr. Samuel Green, Grand Dragon of the Association of Georgia Klans, declared: "The Klan was here yesterday, is here today and will be here forever."

Grand Dragon Green maintains that the Association of Georgia Klans "is not now, nor has it ever been connected with the Knights of the Ku Klux Klan, Inc." He said his organization had violated no law and expected to "continue as before to carry on a program of Americanism."

C. H. Black Home Razed by Fire

Montevilla, North Side showplace, 3701 North Side Dr., N. W., owned by Charles H. Black, Sr., was razed by fire early Friday.

A palatial, two-story Italian-type structure, it was valued at $100,000. The house, fully covered by insurance, was unoccupied at the time of fire and furnishings had been removed several weeks ago.

Black said he had no plans for rebuilding.

3.9 Percent Budget Cut Favored for 'Agencies'

WASHINGTON, June 13—(UP)—The House Appropriations Committee—the spark plug of the Republican economy drive—made its smallest economy cut of the year Friday when it slashed only 3.9 percent from 1948 budget estimates of almost a score of independent Government agencies.

It approved a bill appropriating $8,167,869,027 for the agencies in the fiscal year beginning July 1—only $330,540,732 below the $8,498,409,759 requested by President Truman's Budget Bureau.

The bulk of the money—$6,944,457,080—or 85 percent—was earmarked for the Veterans' Administration. The VA's original budget of $7,075,341,300 was chopped by only 1.9 percent.

In addition to the direct appropriations cut, the Committee said it saved $1,081,150,000 in proposed Government expenditures for 1948 by forcing several independent agencies to slash their budgets voluntarily, by offering immediate transfer of funds to the Treasury and by using a $505,075,000 return on sale of Maritime Commission funds to offset some expenses.

Democratic Committee members promptly labeled this saving as a "phony." Rep. Albert Gore, Democrat, Tennessee, said it was just "a matter of taking money out of one pocket and putting it in the other."

The bill is scheduled to come before the House Tuesday.

The Committee also approved a budget request of $1,229,750 to pay the salary of President Truman and his White House staff, and to maintain the White House.

Crew Trapped As Locomotive Dives Into River

CLARKSVILLE, Tenn., June 13—(AP)—The locomotive and two cars of a Louisville and Nashville freight train plunged through an open drawbridge into the Cumberland River 30 feet below, shortly before noon here Friday. The engineer and fireman, trapped in the locomotive, were given up for dead.

With a roar of hissing steam, the locomotive and cars disappeared quickly beneath the surface in from 20 to 30 feet of water.

The missing engine crewmen were Engineer John Black, Paris, Tenn., and Fireman M. E. "Red" Carter, Mansfield, Tenn.

The locomotive and cars, part of freight train No. 117, had been switching in the Clarksville yards when they rolled slowly onto the bridge, which is located in the city limits.

Jekyll Island Appraisal Seen Next Thursday

An appraisal of the Jekyll Island property near Brunswick, sought by the State as a public park, may be reached next Thursday when officials plan to inspect the resort and estimate the cost of needed improvements.

Liston Elkins, of Waycross, has been designated State appraiser, and in event the owners of the property appoint a second adjuster and a third can be agreed upon by June 19, the appraisal may be made at that time.

Charles A. Williams, Director of the State Department of Corrections, said he would send a representative on the inspection trip to estimate what work can be done with prison labor. He said the convicts would be available to clean the island and repair buildings.

The State's condemnation proceedings against the club will be heard in Glynn Superior Court Monday.

'Science Not Enough,' Georgia Grads Told

Constitution State News Service.

ATHENS, June 13—Emphasis on science to the subordination of all other subjects may well mean that American education is "too little or too late," warned the Very Rev. Charles E. McAllister, D. D., Dean of the Cathedral of St. John the Evangelist, Spokane, Wash., and President of the Association of Governing Boards of State Universities and Allied Institutions, at the University of Georgia's 144th annual Commencement exercises Friday.

"More and more we are becoming conscious that science is not enough. We invent new machines and neglect to teach the motives which determine their use. The real purpose of education is to furnish a well-rounded personality capable of meeting crises and emergencies which life offers. Science, religion, general education and democracy are inseparably entwined in our Western education.

Six hundred and seventy-five seniors were awarded diplomas.

Truman Home; Faces Labor, Tax Bills

WASHINGTON, June 13—(AP)—President Truman returned to Washington Friday night from his good-will mission to Canada to tackle controversial labor curbing and tax cutting bills now awaiting his approval or rejection.

His 11-car special train which carried him to Ottawa for a speech to the Canadian Parliament pulled into the Union Station at 8:43 p. m., EST. He and Mrs. Truman and their daughter, Margaret, drove immediately to the White House.

As he entered the White House limousine with Mrs. Truman and Margaret the President chatted briefly with reporters who accompanied him on the trip.

He laughingly declined to shed any light on his tax bill action. "I'll let you know my answer on the tax bill some time between now and Monday," he said.

CRASH

Continued From Page 1

Alexander went to investigate, is roughly near the route of Capital Airlines.

When it last reported to the Washington airport, the plane was over Martinsburg, W. Va., about 65 miles away.

There was no indication at that time that the plane was in any trouble.

Capital Airlines, formerly known as Pennsylvania-Central, identified the pilot of the plane as Horace Stark, of Washington.

The co-pilot was R. N. Creekmore and the hostess, Peggy Mills.

Like DC-4s, which figured in recent crashes at LaGuardia Field, N. Y., and Port Deposit, Md., the plane was converted to passenger service from an Army C-54.

The State Police office at Culpepper, Va., also was called to investigate a reported plane crash in Loudoun County. The request came from the airline, the police office said.

The area in which search for the missing plane was being concentrated is where the Blue Ridge Mountains start, about 45 miles South and West of Washington.

The telephone operator at Bluemont, Va., said she had received no reports of a plane crash in that area. Bluemont is a small village.

moderate and hopes to achieve results."

Before the reply to the British note was made public, denying that the two opposition newspapers were now under a ban, Information Minister Kazassov had indicated they would be resumed soon.

Kazassov said he had told the editors "they err when they attack the two basic Government enterprises, the two-year economic plan and the Youth Brigade movement, which tend to improve economic conditions."

"We accept criticism but the two-year plan is law and the law can be criticized but not sabotaged," Kazassov said.

He asserted that the arrest of Petkov and the expulsion of Deputies of his Party, the sole effective opposition force, were being connected with "so-called political freedom." Action against Petkov was taken under laws which existed as long as Bulgaria had, he said, and the Deputies were expelled because they had secretly put their resignations in Petkov's hand to be used if he saw fit.

The United States, meanwhile, added Romania to its Balkan "trouble list" Friday with the disclosure that a sharp note had been sent to Bucharest protesting two new laws which threatened confiscation for American properties.

The protest, delivered to the Romanian Foreign Office late last month, underscored the increasingly-stiff attitude the United States was taking to counter the forceful power politics of Russia's Eastern European satellites.

Russians Apologize For Shooting

VIENNA, Austria, June 13—(AP) The Swedish Legation said Friday high Russian authorities had called and made an official apology for a Russian sentry's killing of Arne Carlsson, a Swedish relief director.

The Legation said its investigation of the shooting, reported at a Russian roadblock near the Czechoslovak border, still was in progress. A complete report will go to the Foreign Office in Stockholm.

Swedish newspapers offered reserved editorial comment. Stockholm's Morgontidningen, which reflects Government views, said "we hope that investigations will give such results that the intermezzo won't influence the Swedish people's readiness to relieve famine in Europe."

Thompson Promises Fight On U. S. 41's Death Traps

FORSYTH, June 13—Acting Gov. Thompson agreed with 250 road enthusiasts here Friday that U. S. Highway No. 41, between Atlanta and Chattanooga, is filled with "death traps."

After labeling Highway 41 as "Georgia's greatest highway tragedy," Thompson declared his administration will do "as much as State finances will permit" to eliminate hazards along this route.

"Virtually every bridge on U. S. 41 north of Atlanta to the Tennessee line is a death trap, with the bridges more narrow than the approaches," the Acting Governor declared. "U. S. 41 south of Macon needs straightening. Twenty miles of traveling distance could be eliminated by relocating the road so as to straighten out crooked spots."

Thompson said he would not promise to make U. S. 41 a four-lane highway when many communities do not have a one-lane road, but that he would do as much as possible with available funds. He said U. S. 41 is Georgia's most important highway, since it is the longest, most traveled and serves the most people.

Two groups boasting development of this highway met at Bessie Tift College for a barbecue, voted to unite their organizations, hire a full-time director and expand the Georgia association into a national organization. They were the U. S. Highway Association No. 41, headed by Horace Smith, of Valdosta, and the U. S. Highway No. 41 Improvement Committee, headed by D. C. Coleman, of Valdosta.

Lottery Code Baffles Police

After more than a year of intensive study, Atlanta vice squad detectives still are trying to figure out a letter code developed by lottery racketeers.

Detectives W. G. Densmore and O. W. Allen seized a quantity of the coded tickets Friday. However, they did not make an arrest because the tickets cannot be officially classed as lottery until the code can be deciphered.

When the coded tickets first were noticed a year ago, detectives sent samples to Army cryptographers. They, too, were unable to discover the key to the baffling code.

Patrolmen Get 'Light' Raincoats

Atlanta traffic patrolmen appeared on the streets Friday attired in a new greenish-yellow raincoat, instead of the traditional black.

Police Chief Herbert Jenkins explained the new type coat, recently developed, reflects light and makes the wearer more visible to motorists on rainy or foggy nights.

The regulation black raincoats, he added, absorbed light, thereby making the traffic officer difficult to see in traffic.

South American Parley

RIO DE JANEIRO, Brazil, June 13 — (AP) — Authorized diplomatic sources said Friday Brazil was considering calling for October the long-delayed Inter-American Conference to adopt means of maintaining continental peace and security. An earlier tentative date of July 15 was discarded within the last three days, these informants said.
